I have done 3 months internship as junior Software Quality Assurance. I performed in Manual testing, Smoke testing, Sanity testing, Regression testing and create testcases and bug reporting in Jira tool.

### Final Year Project

Defense Eye Security System (Web app)

The Defense eye is providing the facility of catching the crime, capturing the photographs, finds the coordinates and find the nearly security officer. In addition to that the system is also sending the pictures and coordinate to that nearest officer so he can reach there as early as possible.
