ABOUT ME

As a fresh graduate I am motivated to work in a challenging environment as a Software Quality Assurance Engineer. I bring to this position a hands-on approach in the testing of software system. I have solid understanding QA methodologies. Now I am looking for an opportunity to grow and gain experience for my career journey as SQA Engineer.

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER SCIENCE AND
ENGINEERING (BSCSE)

United International University | Apr 2020 - Dec 2021
CGPA : 3.66

PROJECTS

6SENSE

| Mar 2021 - Mar 2021

6Sense wanted to convert their website in WordPress. So their developer team converted the website, I manually tested the GUI for bugs, reported the bugs with proper documentation.

SUNSHINE ORTHODONTICS

| Feb 2021 - Feb 2021

- Finding out the GUI bug with comparing with "FIGMA" file
- Functional Testing
- Documenting And reviewing the bugs accordingly

AIR TICKET RESERVATION SYSTEM (SELF PROJECT)

| Mar 2020 - Apr 2020

- Requirements analysis: Which of the function must be included with limited time and resource
- Planning : How to approach the project , which functionality should be implemented first and accordingly
- Software development : Writing coding script for the software.
- Testing : Testing the functional and non functional requirements and report writing for bug. Also rechecking the bug after fixing and finalizing for deployment.
